Education — Fisheries School at Bekal in South Kanara Dt — Roof replacing - Expdre Sanctioned

Department of Industries and Commerce.

From
Sri T.K.Palaniappan, I.A.S.,
Director of Industries and
Commerce, Chepauk, Madras.5.

To
The Secretary to Government,
Agriculture Department,
Fort St.George, Madras.9.

Rc.No.22538 X1/54-17 dated 1-5-1955.

Sir,

Sub: Education - Fisheries School at Bekal in South Kanara Dist - Building - replacing - Expenditure -Sanction-Requested.

----x----

There were two semi kutcha buildings at Bekal owned by the department. The Fisheries Elementary School and High School were housed in the two buildings. On the night of the 5th June 1954 the building in which the fisheries Elementary School was housed collapsed due to cyclone and the other building in which the High school was housed was slightly damaged. A report about the damages caused to the buildings was submitted to Government. Final report in this regard was submitted to Government in this office letter No.22538 XI/54-16 dated 1-4-1955 with reference to Government memorandum No.108550-C.II/54-3 dated 13-3-1955.

The damages to the high school building were got repaired and the Sub Divisional Officer, P.W.D. also inspected the building. The Assistant Engineer had stated that the building with a thatched roof which is very light cannot withstand the strong wind and cannot therefore considered as safe. The Executive Engineer has endorsed the report of the Assistant Engineer.

Copies of their letters are submitted herewith for kind information of Government.

The Assistant Director of Fisheries, Mangalore has proposed to replace the thatched roof with asbestos sheets. Accordingly an estimate for Rs.3,700/- has been prepared and got scrutinised by the Exefutive Engineer, Mangalore.

The Fisheries Elementary School at Bekal is now housed in three rented buildings at a monthly rent of Rs.26-4-0 after the collapse of the departmental building.

The High School Committee, Bekal has promised to give a rent free building to house the High School and the building is under construction. It is expected that the building will be ready by 1-6-55 for occupation. When the High School is shifted to the new building which is nearing completion, the present building will be utilised for housing the Elementary School. It is therefore necessary that the building is made safe by effecting this improvement. The Executive Engineer has also sent a bill for Rs.37/- being one percent centage for scrutiny of the estimate. In the circumstances I request Government may be pleased to accord sanction to the roofing of the school building at Bekal with abbestos sheets at an estimated cost of Rs.3,700/- and to pay Rs.37/- towards centage for scrutiny of the estimates (Total Rupees Three thousand and seven hundred and thirty seven only).

p.t.o.

The estimate and plan are also submitted herewith for favour of approval and return.

Yours faithfully,

For Director of Industries and Commerce.

To A.S.

The file deals with the proposal of the D.I.& C. to replace the thatched roof of the semi kutcha buildings at Bekal where the Fisheries High School is located

2. The departmental semi-pucca building in which the Fisheries Ele. School at Bekal was being housed, collapsed on account of the cyclone in June 1954. ~~The Six~~.After the collapse of the departmental building, the Ele.School is being housed in three separate buildings. Before the collapse of the building, there were two buildings at the site, viz., one for the Ele.School and the other for the High School Section. At the time of the conversion of the school into a Middle School, the High School Committee at Bekal promised to construct a pucca building and to hand it over to the Dept. ~~for housing the~~ when the school is converted into a High School. The building promised by them is stated to be under construction and when completed will be handed over to the Dept. Then the High School Section will be shifted to that building and the Ele. School will be located in the present High School building.

3. On the proposal of the Asst.Director of Fisheries, Mangalore, which is again on the advice of the Executive Engineer of the place, the D.I.& C. submitted an estimate for Rs.3,700/- prepared and got scrutinised by the Executive Engineer, Mangalore, to replace the thatched roofs of the buildings now occupied by the High School, with asbestos sheets. The remarks of the C.E., P.W.D.(Genl & Bgs) were called for by Govt. on the above estimate. With his letter at pp 2 c.f., the D.I.& C. has resubmitte

the estimated of the work after scrutiny and check. According to the C.E.'s report, the ~~xxxx~~ work will cost Rs.4,700/-(excluding centage charges of 1% for scrutiny of the estimate) as against Rs.3,700/- reported by the D.I.& C. 'The reasons for the slight increase will be found in the technical note on p.1 of (A). For orders whether the estimate of the work as revised by the P.W.D. may be approved. P.W.D.and Fin. may see.

P.W.(C.)

Note of Asst. for Dy. Secy. may be perused. In view of the prevailing financial stringency and the high cost of labour and material the present policy of Govt. is to accord sanction only to such building schemes as are immediately and imperatively essential for carrying on the administration. The reasons given by the S.D.O. at 'K' in 1 (f) seem to be adequate for treating this case as essential. While issuing order Asst. will have to sanction also the Centage charges due to the P.W.D.

With these remarks the file may be passed on to Finance.

Summarising Note

The case deals with the proposal of the D.I.& C. to replace the thatched roof of the semi-kutcha buildings at Bekal in South Kanara Dt. where a Fisheries High School is located.

2. The departmental semi-pucca building in which the Fisheries Ele. School at Bekal was being housed collapsed on account of the cyclone in June 1954. After the collapse of the departmental building, the Ele.School is being housed in three separate buildings. Before the collapse of the building, there were two buildings at the site, viz., one for the Ele.School and the other for the High School Section. At the time of the conversion of the school into a Middle School, the High School Committee at Bekal promised to construct a pucca building and to hand it over to the Dept. if

the school is converted into a High School. The building promised by them is stated to be under construction and when completed will be handed over to the Dept. Then the High School Section will be shifted to that building and the Ele.School will be located in the present High School building.

3. On the proposal of the Asst.Director of Fisheries, Mangalore, which is again on the advice of the Executive Engineer of the place, the D.I.& C. submitted an estimate for Rs.3,700/- prepared and got scrutinised by the Executive Engineer, Mangalore, to replace the thatched roofs of the buildings now occupied by the High School, with asbestos sheets.The remarks of the Chief Engineer, P.W.D.(Genl.& Bldgs.) were called for by Govt. on the above estimate. With his letter at pp.1-2 c.f., the D.I.& C. has resubmitted the estimate of the work after scrutiny and check. According to the Chief Engineer's report, the work will cost Rs.4,700/-(excluding centage charges of 1% for scrutiny of the estimate) as against Rs.3,700/- reported by the D.I.& C. The reasons for the slight increase will be found in the technical note on p.1 of (A). This Dept. proposed to support the case. P.W.D. and Finance have agreed. Subject to orders, a draft order is submitted for approval in circulation.
